## M'KINLEY IMPROVES--SCHLEY ON TRIAL--GOLDMAN TO GO FREE.

### PRESIDENT IS NOW ABLE TO TAKE SOME SOLID FOOD

PHYSICIANS SAY THE PATIENT WILL SOON BE ABLE TO SIT UP  
—ACCELERATED PULSE DOES NOT CAUSE ANY  
ALARM—PASSED A GOOD NIGHT.

MILBURN HOUSE, Buffalo, N. Y., Sept. 12.—Today, the sixth since President McKinley received the wounds which now prostrate him, opened with a heavy rain and every indication pointed to its continuance during the day.

During the late portion of the night no one appeared to be moving about in the Milburn house and the lights were only dimly burning.

The early morning bulletin prepared by Dr. P. M. Riney, the President's regular physician, who remained with the patient all night, showed that Mr. McKinley had passed a comfortable night with but little change in pulse and temperature from last night's regular official statement of the President's condition.

About 8:30 the doctors arrived for the regular morning consultation. The consultation was brief, the shortest since the President was stricken, and when the physicians came out their elation was evident in their smiling countenances. Dr. Mynter paused for a moment to jump into his buggy to announce that everything continued eminently satisfactory.

"The President has had a piece of toast and a cup of coffee this morning," said he, "in addition to a cup of beef broth. He will want a cigar soon."

"Will he be able to sit up soon?" "No, not for some time," answered the doctor. "Not until the exterior wound in the abdomen heals and grows strong and his heart action grows normal."

"What is the cause of his accelerated pulse?"

"Oh, I cannot tell you, but it is nothing serious."

Dr. Mynter also said as he drove away that the exterior wound was progressing satisfactorily.

Doctors Parke and Wadsworth, who followed Dr. Mynter, confirmed the statement that the President this morning had taken solid food for the first time.

Dr. Mann, who remained for some time after the other doctors had gone, said the patient could not be doing better.

"Why, he even asked for a cigar," said he, laughing.

"Did he get it?"

"Well, hardly," replied the surgeon.

SPLENDID NEWS.

MILBURN HOUSE, Buffalo, N. Y., Sept. 12.—The news from the bedside of the President is all that could be desired. He slept well and was so much improved this morning that he was given a cup of coffee and a bowl of chicken broth. His appetite was good and his spirits were high, so that after his breakfast he asked Dr. McBurney to be allowed to smoke a cigar.

The bulletin issued after the morning consultation confirmed the physicians and surgeons. Dr. McBurney decided this morning that his presence was no longer necessary and that he would leave the afternoon for New York. But it is his intention to return in a few days. His return was also scheduled to Secretary Root as well as to Postmaster General Smith probably will go to Washington tonight. Secretary Hitchcock and Secretary Wilson, however, will remain indefinitely.

Telegrams, cablegrams and letters continue to pour in, but their tone is changed. Expressions of pain, sympathy and grief have given way to congratulatory and thanksgiving and the whole world seems to share in the rejoicing at the prospect of the President's recovery.

The bullet in the body is scarcely mentioned now, either by the President's friends or the physicians. As is familiar in the President's condition it is seemingly ignored.

The consensus of opinion of the physicians is that the outer wound will not be healed for several weeks and that it will be advisable for him to remain in the Milburn house. They will take no chances. Dr. McBurney says the President's ability to sit up is now purely a question of mechanics, but that such a move will not be permitted, until the wound is perfectly strong.

Abner McKinley, the President's brother, is still here, but has not yet been admitted to his presence. The doctors say it will be safe now for the President to see an occasional visitor, but they desire to put off as long as possible the day when his friends and relatives will be admitted.

He stated to the Commissioner that he had been informed by two members of the United States Grand Jury that they were ready to proceed with the hearing of the testimony in the \$50,000 embezzlement case, but that the Government had not submitted evidence to them.

District Attorney Woodworth said privately that he thought an indictment would be presented by Tuesday next.

### ADMIRAL SCHLEY WINS THE FIRST ROUND BEFORE THE COURT OF INQUIRY

FILES FORMAL OBJECTIONS AGAINST HOWISON ACTING AND IS SUSTAINED BY THE JUDGES  
AN IMPRESSIVE SCENE WHEN COURT CONVENES TO TRY THE NAVAL OFFICER  
—COURT OPENED WITH SALUTE.

WASHINGTON, Sept. 12.—The Naval Court of Inquiry which is to pass upon charges against Rear Admiral Winfield Scott Schley, growing out of the West Indian campaign and the battle of Santiago, convened at the Washington Navy Yard, at 1 o'clock today. Never before in the history of the Navy has an issue been presented of such supreme and universal interest, not only to the Navy, but to the general public, with such conspicuous Naval figures in the foreground of the controversy, others equally as conspicuous as witnesses, adherents and spectators, and the active head of the Navy and establishment, Admiral Dewey, presiding over this tribunal.

The interest in Naval circles was shown by the distinguished array of officers of the highest rank, who were present, together with a number of government officials. The areas in the court room reserved for the public were about two-thirds full.

There was little of the spectacular in the opening scenes. It was marked by dignity and impressiveness rather than by dramatic spirit.

The distinguished figures in the trial, including the members of the court—Admiral Dewey and Rear Admirals Benham and Howison—and Admiral Schley, about whom the procedure centered, came to the court in civilian attire and with little outward demonstration. But when the court convened at 1 o'clock all of the participants were in the uniform of their high rank, presenting a picture of striking brilliancy.

THE PROCEEDINGS.

Captain Lemly, Judge Advocate General, was the first officer to arrive. He came in with his assistant, Mr. E. P. Hanna, a few minutes after 11 o'clock, and they were soon busily engaged in unpacking two or three large boxes of books, which it is expected will be called into frequent use for reference during the sittings of the court.

The distinguished naval officers who are to participate in the proceedings began to put in an appearance about 12:20 o'clock, but they came quietly and without any outward demonstration of saluting guns and marching guards of honor. Admiral Benham, one of the members of the court, arrived in civilian dress and carried his cane and a sword in his scabbard.

wore a suit of navy blue of civilian cut with a straw sailor hat. His eye-glasses dangled from his breast. As he passed along to the dressing rooms he was apparently oblivious to the fact that every eye was centered upon him. The scene within the court room the moment the court convened was one of impressive dignity. The distinguished participants had laid aside their civilian dress and appeared in the brilliant full uniforms of the naval service. The confusion that had prevailed through the great hall subsided to an awe-like hush and the uniformed guard of marines hurried strangers in to their seats.

"Boom! boom!" came from a great gun just outside the building. It was both a salute and a signal that the court had opened. The first crash of the gun startled the spectators.

Then they waited as the seventeen guns, the number given in honor of the Admiral of the Navy, had been fired, when every ear was strained for the first word of the proceedings.

At the instant that the firing began Admiral Dewey and his two associates had entered through the rear door and taken seats at the spacious table.

STRIKING PICTURE.

It was a striking picture, with Admiral Dewey in the middle, Rear Admiral Benham on the right and Rear Admiral Howison on the left. Their faces were stern. They were in full uniform, the four-starred collar of the Admiral indicating his superior rank in the navy. His sword hung at his left side, but it was a service sword, that presented by Congress in remembrance of Manila bay.

Admiral Schley sat at the table provided for him and his counsel. He, too, was in full uniform, his epaulet showing two stars and an anchor of his grade. His back was to the spectators and with his counsel he faced the members of the court.

Just across from the officers sat Judge Advocate Lemly, the law officer of the navy and of the court, with Solicitor Hanna of the Navy Department at his side. Outside of the rail in the sea of heads, could be seen many well known in the naval and Government service, as well as many ladies, including the wives of those taking a prominent part in the proceedings.

FORMAL PROCEEDINGS.

The formal proceedings of the court were begun with the reading by Captain Lemly of Admiral Schley's letter requesting the convening of the court, and the Navy Department's receipt.

The court assumed a listening attitude, but Admiral Schley, known as the "applicant" in the case, gave only indifferent attention to the document.

The Admiral gave closer attention, however, when the Judge Advocate began the reading of the order appointing Rear Admiral Howison a member of the court in place of Rear Admiral Kimberly, and he continued to give careful heed when his letter to the Department asking for a modification of paragraph 5 of the precept, regarding Admiral Schley's disobedience of orders, was read, together with the Department's refusal to comply with the request.

None of these documents received more than perfunctory attention from the auditors, but there was a general change of attitude when the next order of procedure was reached. This was the challenge on the part of Rear Admiral Schley of Rear Admiral Henry L. Howison as a member of the court.

SCHLEY'S REGRET.

WASHINGTON, Sept. 12.—At 1:30 P. M. Admiral Schley arose and said that with extreme regret he was obliged to challenge Admiral Howison as a member of the Court of Inquiry.

THE ATTENDANCE.

WASHINGTON, Sept. 12.—It had been expected that there would be an early rush on the part of the Washington public to secure seats for the Schley Court of Inquiry, which began at the Navy Yard today, but the contrary was true, and not until after 12 o'clock were all the 600 seats reserved for the public taken possession of.

EARLY ARRIVALS.

The early arrivals found the too-ship, in which the court is to sit, in some confusion. The building is new, and while the laborers had completed their preparations for the court, the cleaners were engaged in their work up to almost the hour for the arrival of the court. The man with dust broom and cleaning cloth had scarcely disappeared when Admiral Schley arrived.

Howison said to him that if Schley had been an officer in the English Navy he would not have been allowed to retain his commission.

All said Admiral Howison had given them the impression that he was prejudiced against Admiral Schley. When the last witness left the stand Counselor Raynor, for Admiral Schley, called attention to the fact that Admiral Howison to formulate a statement took a recess to permit Admiral Howison to formulate a statement.

Dewey and his fellow members of the court arrived. The building itself is a large oblong structure and looks more like the workshop which it is intended to be than a court house. Indeed, while it is commodious and clean and new, it created the impression of an impromptu court house in a frontier community.

FEW DECORATIONS.

With the exception of two large flags and a huge golden eagle on the lead-colored wall back of the court, the walls of the court hall were entirely free from decorations. The seats except those inside the railing were camp chairs.

SCHLEY'S OBJECTIONS.

WASHINGTON, Sept. 12.—The following is the full text of Admiral Schley's challenge of Admiral Howison as a member of the Court of Inquiry:

"Rear Admiral W. S. Schley, in the exercise of his legal right, of challenge, objects to Rear Admiral Henry L. Howison upon the grounds:

"1. That Rear Admiral Henry L. Howison has already formed and expressed an opinion on the merits of the case about to be investigated, and that he is therefore ineligible for service as a member of this court."

"2. That Rear Admiral Henry L. Howison has already formed and expressed an opinion on the merits of the case about to be investigated, adversely to said Rear Admiral W. S. Schley, thereby indicating a bias and prejudice which renders him, said Rear Admiral Henry L. Howison, ineligible for service as a member of this court."

"3. That Rear Admiral Henry L. Howison has in connection with the subject matter about to be investigated expressed an unfavorable opinion on the personal and professional characteristics of said Rear Admiral W. S. Schley, thereby indicating a bias and prejudice which renders him, said Rear Admiral Henry L. Howison, ineligible for service as a member of this court."

"4. That Rear Admiral Henry L. Howison, in connection with the opinion formed and expressed by him upon the merits of the case about to be investigated, has instituted and announced a comparison between the acts and personal and professional characteristics of the principal parties to the present issue—viz: Rear Admirals Sampson and Schley—to the disadvantage and disparagement of the latter, thereby indicating a bias and a prejudice which renders him, Rear Admiral Henry L. Howison, ineligible for service as a member of this court."

TOOK A RECESS.

WASHINGTON, Sept. 12.—At 3:30 P. M. the Schley Court of Inquiry took a recess to consider the challenge of Admiral Howison.

HOWISON EXCUSED.

WASHINGTON, Sept. 12.—The court sustains the objection to Admiral Howison and excuses him as a member of the Court of Inquiry.

HOWISON'S STATEMENT.

WASHINGTON, Sept. 12.—When Judge Advocate Lemly had finished reading Rear Admiral Howison's statement Mr. Raynor examined him as to the different points in the statement.

COURT ADJOURNS.

WASHINGTON, Sept. 12.—The court has adjourned until it is reconvened by the Department, which will be until a successor to Admiral Howison has been named.

GENERAL TRACEY TELLS  
HOW TO PUNISH.

NEW YORK, Sept. 12.—General Benjamin Tracey holds that Congress has power to pass a law providing for absolute punishment of crimes like that of Czolgosz's without any constitutional amendment.

General Tracey is quoted as saying: "It has been suggested that a crime such as that which startled the whole country last Friday should be made treason. It is impossible, for treason for country is clearly defined and limited by the constitution itself to armed resistance to the power of the Government or to giving aid or comfort to its enemies."

"The same result, however, can be reached in another way. There is such a thing as a breach of the peace of the United States as distinguished from a breach of the peace of the commonwealth or State, and the Federal Government undoubtedly has the power to prescribe a suitable penalty for a breach of the peace."

DISTRICT ATTORNEY AT BUFFALO SAYS THAT THE GOVERNMENT HAS NOT SUFFICIENT EVIDENCE TO HOLD

BUFFALO, N. Y., Sept. 12.—"We have not sufficient evidence to warrant the holding of Emma Goldman," said District Attorney Penney this afternoon, just after he had a conference with Superintendent Bull. "We have not prepared any papers and of course have sent none on. Neither do we intend to prepare any extradition papers. You may say on our present evidence we cannot hold the Goldman woman and no extradition papers will be prepared today."

WOMAN IN PRISON.

CHICAGO, Sept. 12.—Emma Goldman, the anarchist agitator, arrested Tuesday, spent a comfortable night and was extremely cheerful when she arose today. She was not allowed to see the newspapers, but when told that the tenor of the dispatches indicated a lack of evidence against her, she smiled and said: "The gentlemen seem to be coming to their senses."

She then said: "I would nurse the President of this country as tenderly as I would a hard working man whose hands were soiled with toil."

"If I were not in jail and if the people

SEND CONGRATULATIONS  
TO THE PRESIDENT.

CLEVELAND, Sept. 12.—General Slicks offered a resolution at the opening of the proceedings of the G. O. P. Convention, tendering to the President the affectionate congratulations upon his rapid convalescence, for which all civilized nations pray.

Comrade Thistlewood of Illinois offered as an amendment a series of resolutions calling for a law punishing attacks upon the Chief Executive as treason. The amendment was not seconded, and General Slicks' resolution was adopted by a rising vote. The message was ordered telegraphed to the President.

The Committee on Credentials reported that the roll prepared by the Adjutant General was correct and should be adopted.

The roll showed a total voting strength of 1,340, including delegates, department commanders and past department commanders.

CHICAGO WESTBOUND RUNS  
INTO AN OPEN SWITCH.

SYRACUSE, N. Y., Sept. 12.—The Chicago west-bound limited, on the West Shore railroad, was wrecked at this morning at Eastwood, three miles east of this city. The cause was a misplaced switch. There were twenty-five passengers more or less injured and others were shaken up. The passengers were mainly foreigners returning from the Newburgh convention. None was seriously hurt.

HOLD UP A TRAIN.

CHIPPewa FALLS, Wis., Sept. 12.—A gang of tramps held up a Wisconsin Central freight train at Elvins at 2 o'clock this morning. The trainmen and tramps exchanged several shots. James Ryan, a tramp, was shot through the leg. Five of the gang were arrested.

about the President would let me, I would nurse him and nurse him well. To me the President is simply a sick man. I am a trained nurse and I have the sympathy of a woman, the sympathy of an anarchist, for suffering mankind. I would not be an anarchist, I could not be, without sympathy. It is not sympathy for a ruler, but sympathy for the man who suffers. By what I have said I do not mean to retract other statements I have made of my opinion of the President.

"As a President my opinion of Mr. McKinley is not high. Last winter I nursed back to health a woman who was an intimate friend of a Philadelphia detective on whose testimony I served a term of seven months in 1891. The officer met me unexpectedly and in fright begged me not to revenge myself on the woman for the suffering he had caused me. I told him he did not understand anarchy, but I guess he understood anarchy. Never was woman more tenderly nursed than was this friend of my persecutor."

Miss Goldman denied that there was such a thing as a constitution by which anarchists were governed.

## SOLID FOOD DID NOT AGREE.

President is Taking an Increased Quantity of Beef Extract.

MILBURN HOUSE, Buffalo, N. Y., Sept. 12.—The afternoon consultation of the physicians was brief, lasting hardly half an hour. Dr. Parker stated that the patient continued to do well.

The quantity of beef extract administered to him, he said, had been doubled. The President was now receiving a full ounce every hour.

Dr. Myer informed the newspapermen that the solid food given the President this morning had not specially agreed with him.

The President, he also said, had been slightly restless, but that was to be expected.

## POLICE AND STRIKERS CLASH

Stevadores Attempt to Board the Muriel at Puget Sound Dock.

A party of union stevedores from San Francisco attempted to board the schooner Muriel, discharging lumber at the Puget Sound Lumber Company's wharf, shortly before twelve o'clock today. The schooner is being unloaded by a force of longshoremen who returned to work yesterday morning after having been on a strike for about a month.

It was the intention of the San Francisco delegation to compel these men to cease work. Policeman Jacobus was on duty at the wharf when the party arrived, and succeeded in preventing them from boarding the vessel, after a brief encounter that lasted for several minutes.

The central station was notified of the trouble, and Officers Cox and Arnest were dispatched to the wharf, but the strikers had departed before they arrived upon the scene.

A similar attempt was made yesterday by a party from San Francisco to compel the longshoremen to cease work upon the Muriel, and several of the workers were roughly handled, and compelled to leave the schooner. The police interfered and stopped the trouble before serious damage had been done.

There is considerable feeling between the strikers in San Francisco and the longshoremen in Oakland, who have returned to work. Precautions have been taken by the Police Department to prevent trouble, and officers have been posted at the various wharves where vessels are being discharged.

## THREATEN TO BOYCOTT THE RELIANCE FIGHT.

The four-round boxing contest between Champion Jim Jeffries and Joe Kennedy, scheduled to take place at the Reliance Athletic Club September 24th, may be deferred on account of a rumor to the effect that Kennedy has joined the ranks of the non-union laborers on the docks at San Francisco. Inquiries have been made by the club managers as to the authenticity of the rumor, and the matter is to be finally settled this evening.

Secretary W. B. Foxworth of the Reliance Club states that Kennedy is expected to be chosen in the event that the report proves reliable.

"I was ready to clinch matters yesterday afternoon," said Foxworth, "when word was received that the union men were planning to boycott the fight. Inquiries were made, and I am awaiting the report of the manager of the Water Front Federation, who has undertaken to ascertain whether the report concerning Kennedy is correct. Jeffries has agreed to appear at the benefit entertainment to be given in aid of the strikers at San Francisco, and his managers consider that the present attitude of the union men is rather uncalled for. I think that everything will be satisfactorily settled, but in the event that Kennedy is dropped we shall probably substitute Russell."

## THE SCHLEY CASE.

(Continued from page 1.)

When the court re-convened Admiral Howison presented his reply. He said he could not remember Spou's face, but he remembered his conversation with Nichols. He was here to obey the order of the Navy Department and would not enter into a discussion of his private utterances. He had no personal feelings, and he considered himself a competent member of the court.

## SCHLEY'S TALK.

While the challenge, of course, was expected, it created no little commotion, coming, as it did without preliminary announcement beyond the question on the part of Captain Lemly as to whether the applicant had any objection to the court to urge. Admiral Schley responded promptly. Rising from his seat, he said:

"I have to state with extreme regret that I am obliged to object to Rear Admiral Howison as a member of the court."

He then read his formal objection. A hurried consultation among the members of the court followed. Admiral Dewey first turned to Admiral Benham, then stepped around the table and engaged Captain Lemly in conversation. He afterward spoke to Rear Admiral Howison.

## NOT THE ACCUSED.

In asking Admiral Schley for a designation of his witnesses, Captain Lemly referred to the Admiral as the "accused." Admiral Dewey promptly called his attention to the error, and the Judge Advocate General corrected it, referring to him then as the "applicant."

## PRESIDENT SHAFFER IS OUT OF TOWN.

PITTSBURGH, Pa., Sept. 12.—President Shaffer of the Amalgamated Association has been mysteriously absent all day and last afternoon it was reported that he was in conference in this city with steel officials. The meeting, it was said, would likely result in the settlement of the strike at the best terms obtainable.

The report has not been confirmed.

## COUNTY RECORDER ASKS LETTERS ON AN ESTATE.

County Recorder A. K. Grim has applied for letters of administration on the \$2,500 estate of Arthur K. Funk, who died September 5th. The estate consists of two life policies, one for \$1,500 and one for \$1,000, some old stock and personal property. The heirs are Edmund J. K. Funk, mother of the deceased, residing at Berkeley, and Ralph B. Funk, a brother.

## COMMISSIONER'S SALE.

Property on Orange street near Oak and avenue, belonging to Mollie C. and R. J. Richmond and others, has been sold to satisfy a judgment of \$1,676 held by the Oakland Building & Loan Association.

## STRIKERS ARE STILL FIRM.

San Francisco Men Do Not Follow in Line With Oakland Longshoremen.

SAN FRANCISCO, Sept. 12.—The defection in the ranks of the strikers at Oakland yesterday does not appear to have caused any scramble for places among the local union men, who declare that they are as determined today as they ever were to win a victory.

The stories which have been current along the Water Front for the past two weeks to the effect that a number of the striking stevedores have sought to regain their old places caused the prediction to be made in some quarters that the action of the Oakland men would be apt to dishearten the unionists on this side of the bay and that a stampede might be looked for.

But these predictions, as far as the developments of the day are concerned, appear to be groundless.

## FARMERS TAKE HAND IN STRIKE.

SACRAMENTO, Cal., Sept. 12.—The joint wheat growers' convention of the Sacramento Valley Development Association and the San Joaquin Valley Commercial Association, held in Department One court room this afternoon, had an attendance of about 100 men. President William S. Green of the Sacramento Valley Association called it to order at 1:15 P. M. Most of those present—practically all, in fact—were wheat growers from the Sacramento valley.

James Poundstone nominated George V. Pierce for chairman, and he was unanimously elected. P. E. Wright was named secretary.

Mr. Pierce said he appreciated the value of organized labor, but when the farmers could not get their half cut or their boots blacked without asking the permission of some labor organization, when the farmers had to supply all these people with sustenance, it was time to do something.

A roll call showed Sacramento, Monterey, San Luis Obispo, Sutter, Yolo, Placer, Merced, Solano, Colusa, Madera, Yuba, Tulare and Glenn were represented.

A resolution by Poundstone of Yolo was passed with only one opposing vote. It calls attention to the lawlessness now prevailing at Port Costa, which prevents the unloading of grain from cars and boats, and asks that the farmers have always been the friends of the working classes, and then proceeds:

"Resolved, That a committee be appointed to find out from the men now interfering with the movement of the crops by intimidating men who are willing to work and see if they will not cease opposition and go to work next to the Sheriff of Contra Costa county if he can maintain the law, also protect workmen while loading and unloading grain, and third to ask the Governor to use the power of the State to that end."

"Resolved, That the committee thus appointed shall be empowered to do all things and make a call for volunteers if such steps shall be forced upon us."

James Miller of Dixon offered a resolution having the blame for the present state of affairs upon the municipal authorities of San Francisco and Governor Gage, but this was voted down.

## HOWISON MAKES A STATEMENT.

WASHINGTON, Sept. 12.—Following is Howison's statement to the court:

"Mr. President and Gentlemen: In reply to the objection to me as a member of this court, I submit a copy of my personal letter to the Hon. F. W. Hackett, which has been made public by the Navy Department."

"Mr. Frost, I think, is answered in this letter above referred to."

"Mr. Spou's statement is one I cannot father. I positively do not remember his face at all. Mr. Frost's face is familiar, although I have not seen him for two years or more, and Mr. Spou, by his statement, only last October."

"Mr. Nichols did call at my house at Yonkers on a very hot day on his own business. He would not take no admittance for an answer, and during his stay he did discuss with me several matters of importance which, in fact, it would be a difficult task to perform. Private interviews are not long retained, particularly when there is no personal interest in the matters under discussion."

"I sincerely hope that during the examination of my eligibility for membership, there should be no doubtful points in the minds of the unbiassed members of this court that all such points be decided in favor of Admiral Schley, who is the one most particularly concerned in the investigation to follow. I will accept my details, as I have my duties for this duty, as an officer should."

## FEDERATED TRADES AFTER BUILDING TRADES.

The Federated Trades has taken issue with the Building Trades Council for robbing P. C. Preble. A lively war is expected.

## POLICEMAN CAN BE DISCHARGED.

So Claims City Attorney Johnson in a Brief Filed in Court.

City Attorney Johnson has filed his brief in the mandamus proceedings instituted by former policeman Wm. Kingsbury to compel the Board of Police and Fire Commissioners to reinstate him as a member of the force.

Kingsbury was dismissed after having been tried by the Commission on charges of incompetence, preference for Chief Hodgkins, and other reasons. The former policeman immediately began proceedings against the Commission to the end that he be reinstated, claiming that he had not been given a fair hearing and that the Board had no right to discharge a policeman unless it was absolutely proven that the officer had been guilty of an actual offense.

In his brief City Attorney Johnson claims that the term of a police officer is not definite, and that he may be discharged at any time by the Commission, even though charges are not formally presented. The brief sets forth the fact that Judge Greene's ruling held that unless it could be shown that a policeman was appointed for a definite term Kingsbury had no case, and that City Attorney Johnson claims that such showing has been made by the plaintiff, and that Kingsbury should therefore be denied the writ.

## MRS. HULL TELLS HER STORY TO THE COURT.

Mrs. Margaret J. Hull, who is being sued by George W. Hull, the Arizona hotelier, for the return of \$10,000 worth of property, gave her story when she appeared before the court this morning as to the agreement entered into between them in regard to property settlements. She said that Hull had deposited \$5,000 in bank for her use and had purchased a home for her in Berkeley at a cost of \$1,000 in consideration of her giving him the Arizona claim against him. Since that time he had married another woman in the Arizona court on the ground that her first husband, Sylvester M. Low, was living.

The family relations of the Hulls were brought out quite fully in the testimony. Mrs. Hull said that while they were settling their property affairs she showed him a letter which she had written to him. She said that Hull had replied: "But I will beat you out in the end."

At another time, Mrs. Hull said, she warned her husband not to go to New York, for he would be arrested there. She says he went to New York and was arrested as she had predicted.

"A number of other little incidents were related by Mrs. Hull showing the domestic difficulties that crept into their married life."

## UNION MEN WALK OUT OF KENDALL'S MILL.

In view of the fact that the Pacific Coast Lumber and Mill Company has in this city, the union men employed in the concern were called from their places this morning by Agent Shannon of the Building Trades Council.

There were about eight union men in the concern. These men, in number, remained at their work.

## MARKETING THE CROP OF PRUNES.

SAN JOSE, Sept. 12.—The executive committee of the California Cured Fruit Association is in session today discussing means for marketing the new crop of prunes. The association is preparing to lock horns with the packers the moment the new crop is ready for shipment and ways and means are being devised for meeting the expected efforts of the packing interests to lay hands on the fruit.

## KING EDWARD IS PLEASED WITH NEWS.

LONDON, Sept. 12.—The United States Ambassador, Mr. Choate, has received the following dispatch from Frederickburg under today's date:

"I must gratefully acknowledge the President's message and am rejoiced to hear that his condition steadily improves."

(Signed) "EDWARD, R."

## WIDOW MADE THE BREWERY BUSINESS PAY.

Mrs. Caroline Augusta Kramm and William C. Jurgens, executors of the will of the late Charles H. Kramm, have filed their report with the County Clerk. It shows among other things that while the estate is insolvent, the Breweries, which is its principal asset, has been personally run by the widow, who has also acted as bookkeeper, with the result that a profit, during the past year, has been made of \$2,500.

"The insolvency of the estate is \$11,526.73."

## JUDGMENT IS RENDERED FOR THE PLAINTIFF.

In the action of Mrs. Elizabeth Lange against John Geiser, Theodore Lange and others, Judge Geiser has rendered judgment in favor of the plaintiff. Mrs. Lange is suing to quiet title to a piece of property at Grove and Benton streets which she had homesteaded. Geiser was seeking to foreclose a mortgage of \$1,000 on the property, and the plaintiff claimed that the debt belonged solely to her former husband, Theodore Lange, from whom she had been divorced.

## J. E. VAN AMRINGE DIES AT FABIOLA.

John Edward Van Amringe, a well known resident of Diamond avenue, Fruitvale, died this morning of appendicitis at Fabiola Hospital in the thirty-third year of his age. The deceased had been ill only since Saturday last. He was the husband of Mrs. Maude Squire Van Amringe and brother of Mrs. Frank White, Mrs. James Gamble and Dr. David Van Amringe. He was a native of New York. The deceased was an active member of the Pacific Street and Merit Works of San Francisco. The date of the funeral has not yet been decided upon.

## STEVEDORE HAS HIS SKULL BADLY FRACTURED.

Nels Strou, a stevedore aged 16 years had his skull badly fractured this morning by a falling piece of coal while at work on a vessel discharging at Alameda wharves. He was operated upon at the Receiving Hospital by Doctors Stratton, Williams and McRae. He resides on a scow at San Francisco.

## KENDALL MAKES A STATEMENT.

Gives His Reasons for Not Unionizing His Planing Mill.

Editor TRIBUNE—As there has been considerable comment upon my refusal to unionize the Pacific Coast Lumber & Mill Company, I take this opportunity of stating to the general public the reasons for my refusal.

The public will remember that the mill owners and their employees had a struggle last fall which ended in a compromise, the main features of which were:

"That eight and one-half hours should constitute a day's work up to June 1, 1901, and from and after that date eight hours should be the length of the day's service."

"That the mill owners should not be compelled to employ union men exclusively for a period of six months but that after six months, all mills should be unionized."

"That the Union was to admit all applicants without prejudice as to former employment and that mill owners should likewise not discriminate."

"That on account of concessions hereby granted by the San Francisco and Alameda County Planing Mills Association in relation to the reduction of hours of labor and the employment of union mechanics, that the building trades council and its affiliated organizations will absolutely refuse to handle any material coming from any mill working contrary to the prescribed number of hours contained in this agreement or employing other than union mechanics."

"That all the agreements entered into, etc., shall remain in force, etc., for two years."

"That 'Further no strikes, boycotts or lock-outs shall be entertained or entered into by any party to this agreement until a period of thirty days shall be allowed for the adjustment of any dispute that may arise and an additional period of six months shall be allowed, after due notice in writing shall have been given, before any strikes, boycotts or lock-outs shall be attempted or enforced by order of the Building Trades Council or any of its affiliated organizations, or by any member of the San Francisco Planing Mills Association.'"

"That Building Trades Council has repeatedly violated the Section whereby they agreed not to handle material made by a mill working more than the agreed number of hours, the secretary of the Mill Men's Association having served notice on them of twenty-seven distinct violations of that agreement, and I hereby insert a brief record of the same violations and the action taken of our notices."

Now it is an axiom in law that a contract not binding on one party thereto cannot be binding on the other, so that I consider myself free to unionize my mill or not.

Further than all this, my men, that is the union men I had in my employ, have been called off without any six months' allowance.

I have repeatedly offered to unionize my mill if they would give me a bond of \$10,000, and if they would agree to live up to the articles of agreement.

"The Building Trades Council therefore stands in position of having made agreements which they will not live up to, yet they want me to obey. I do not see my way clear to compete with ten hour mills while I work eight hours and obey the many other labor union dictates. To do so means bankruptcy. So I am taking my present stand and respectfully request the sympathy and moral support of every member of the community who like to see fair play and see everyone keep their word."

Respectfully Yours, A. KENDALL.

## W. P. COURTNEY MAKES REPLY.

W. P. Courtney, Councilman-at-Large, speaking about the fact of his being in the business of supplying beer to the Soda water and sweet soda, which has been criticized because he sought orders from saloon people and others engaged in retailing or consuming mineral waters, said:

"I have a right to go into the mineral water business the same as any other person or the same as I have to go into any other business."

"I have asked for no binding contracts. I simply sought to ascertain how many siphons and small bottles were needed in my business. Siphons cost 45 cents apiece. As I have to buy my bottles, I did not want to purchase 3,000 if 1,000 would suffice."

"It has been made to appear that this is a clinic business, because it is alleged I am chairman of the License Committee of the Council. This is not true. I am not chairman of the License Committee, but of the Finance Committee of that body."

"There can, therefore, be no coercion, and there is going to be none. I am at liberty to engage in this legitimate business without reference to any other person's business, as time will demonstrate. This is simply a case of the Examiner, as usual, attacking the Council."

## MAYOR SNOW APPEALS FROM THE JUDGMENT.

The case of the city vs. ex-Mayor R. W. Snow has been appealed from the decision of the Superior Court to the Supreme Court. Judgment was against the defendant in the sum of \$2,094.14, money alleged to have been held from the City Treasurer while the defendant was City Auditor.

## CLAIM FATHER WAS NOT SANE.

Considerable testimony was introduced today in the contest of the will of the late Samuel L. Rogers, showing that while the deceased lawyer was mentally sound upon most subjects, he was regarded insane as far as his family troubles were concerned.

Both of the sons, Samuel L. and Herbert, testified that their father acted in an irrational manner when troubled by family affairs. Herbert stated that his father had hurled various articles at him while enraged over some domestic difficulties.

The attorney sued his wife for a divorce several years ago. The case was tried before Judge Angelotti of Marin county. Rogers accused his wife of improper conduct. Judgment, however, was rendered in favor of the wife and Rogers was ordered to pay her a fixed sum for alimony. He fought the judgment for alimony for several years. The custody of Herbert, who was then 3 years of age, was awarded to the mother. Samuel, who was given into the custody of his father, ran away.

In his will Rogers bequeathed curses to his wife and to Judge Angelotti. To Samuel he left \$1 as a reminder of his ingratitude to his father. Herbert was left two lots in Sausalito. The residue of the estate, which is valued at about \$5,000, was left to three nephews and a niece.

Herbert Rogers testified that there was no foundation for the charges that his father made against his mother. After the divorce, Herbert said, his father lived alone and did his own cooking.

Dr. H. J. Crumpton testified that Rogers was a mono-maniac upon the subject of his family troubles.

The following are the jurors trying the case: Albert B. Bristow, Emil Meyer, Herman Rader, Joseph Fletcher, L. Linckin, Myron Holcomb, Severin Anderson, James Cahill, Wm. Langstaff and Reimer Stoven.

## TRANSPORT SUMMER SAILS FOR MANILA.

SAN FRANCISCO, Sept. 12.—The transport Sumner sailed for Manila today with a number of passengers, chiefly army ladies and teachers, who had been assigned to her, but without the 110 recruits who had been ordered to go under command of Lieutenant H. C. M. Hupples, Nineteenth Infantry.

These recruits have been held in quarantine because of the case of smallpox that broke out in the casual camp last Monday. No new case has been discovered, but for safety the entire camp has been held in quarantine.

## GRAND ARMY IN SESSION.

EXCELLENT SHOWING IS MADE  
BY OFFICERS OF THE  
ASSOCIATION.

REPORT ON THE PENSIONS.

Large Gathering of Delegates at  
the Meeting in Cleve-  
land.

CLEVELAND, Ohio, Sept. 12.—The National convention of the G. A. R. opened this morning at the Euclid Avenue Opera House with a large attendance. Intense interest was manifested by the delegates in the report of the Committee on Pensions and it was generally believed that the convention would take some very radical action bearing on that subject.

The Civil Service Committee's report is as follows:

"Your committee regretfully acknowledges the defeat of the Harris bill (S. F. 451) in the Fifty-sixth Congress, but strongly urges that this measure be again presented to the Fifty-seventh Congress by a committee to be appointed by the incoming Commander-in-Chief.

"Section 1745 of the Revised Statutes of the United States provides that persons honorably discharged from the military or naval service by reason of disability, resulting from wounds or sickness incurred in the line of duty, shall be preferred for appointments to civil offices, provided they are found to possess the business capacity necessary for the proper discharge of duties in such office."

The amendment embodied in the Harris bill was designed to broaden the scope of this section of the law in order to include within the preference all who received honorable discharges from the service. Under the present law a large number of soldiers and sailors who were wounded and who served for years afterwards are excluded and in many cases preference given to some who saw but little service. But few veterans are now living who come within the preference provision in Section 1745.

The states in which there are over 2,000 members are as follows:

California and Nevada, 4,217; Colorado and Wyoming, 2,117; Connecticut, 4,597; Illinois, 12,132; Indiana, 15,550; Iowa, 12,878; Kansas, 13,351; Kentucky, 2,588; Maine, 6,441; Maryland, 2,508; Massachusetts, 12,067; Michigan, 14,554; Minnesota, 6,115; Missouri, 10,965; Nebraska, 5,633; New Hampshire, 3,291; New Jersey, 5,373; New York, 30,143; Ohio, 25,111; Pennsylvania, 28,565; Vermont, 3,568; Washington and Alaska, 2,501; Wisconsin, 9,530.

The amount expended for relief during the year was \$119,326.

Referring to the Southern Memorial fund, the Adjutant General said:

"The importance of aiding our comrades of the Southern States and their successors in the important object lesson of placing the flag of the Union on the graves of our fallen, lying in National and other cemeteries of that section on Memorial day for each year for all time to come, urges us to adopt the best method towards securing that end."

The report of August Dahmans, chaplain-in-chief, showed that 2,749 posts observed Memorial day services, 92,700 of the comrades participating, as did 2,061 Women's Relief Corps, with 14,500 members. The number of cemeteries visited was 10,886 and the number of graves decorated 312,846. The public schools participating were 3,066, and the number of pupils 28,256. Other organizations which took part in the ceremonies numbered 2,296.

## ALAMEDA COUNTY IS NOT IN IT.

Tax Collector Says the New Law  
Does Not Touch the Sal-  
oons Here.

The decision of the Supreme Court in the case of Henry Pittman of Los Angeles concerning the new law relative to taxing businesses in counties for revenue will not affect Alameda county. This is the opinion of District Attorney J. J. Allen and County Tax Collector James B. Barber.

The Supreme Court held that the new law prohibiting the taxing of businesses in counties for revenue was valid. This will affect all counties in the State that impose taxes for revenue.

The section of the new law that has been upheld by the Supreme Court is as follows:

"Boards of Supervisors of counties of the State and the legislative bodies of the incorporated cities and towns therein shall in the exercise of their police powers and for the purpose of regulation as hereinbefore provided, and not otherwise, have power to license all and every kind of business not prohibited by law and transacted and carried on within the limits of their respective jurisdictions."

The opinion of District Attorney Allen upon the matter is as follows:

"There are two sections of the constitution which permit the imposing of a license. Section 11 of article XI provides that counties, cities and towns shall have power to impose police regulations, and usually a license is incorporated in an ordinance which is intended for the regulation only of the liquor business. The high license imposed upon the saloons of the city of Oakland as compared with the license tax on other business is a fair illustration of this character of local legislation. It is included in an ordinance which places limits on the hours that the business shall be conducted, describes how the license shall be obtained, requires the sanction of the nearest residents to the place where the business is to be located, etc. This provision of the ordinance finds support in section 11 of article XI of the constitution and are deemed proper police regulations. The license being fixed at a figure so high that it limits the saloon business to the number that can afford to pay the license."

"Section 12 of article XI of the constitution has granted the Legislature the right to authorize subordinate municipal bodies to impose a tax for revenue and in the exercise of this right such subordinate, etc., municipal bodies are governed by the terms of the statute enacted by the Legislature on the subject of licenses. From the brief account in the papers it would seem that the act repeals all provisions before existing authorizing counties to impose a license for revenue only. The liquor ordinance of this county is one which would rather be deemed a police regulation than a license for revenue only."

Tax Collector Barber says that he will continue in future, as heretofore, to collect all taxes on the county liquor business, which amounts to about \$5,000 a year.

## PLATFORM OF THE FREE SOCIETY.

Police of Buffalo Have Secured  
Some Valuable Infor-  
mation.

BUFFALO, N. Y., Sept. 12.—The Courier says this morning:

Superintendent Bull now has in his possession the code of instructions imparted to the selected assassin, Czolgosz.

The platform of the Free Society was also added to the cumulative evidence of the anarchist conspiracy yesterday. This document binds its members together to advocate and work for the destruction of the existing social order, and continues:

"As in former times, no privileged class ever relinquished its tyranny, no more can we take it for granted that the capitalists of the present day will forego their privileges and their authority without compulsion. It is therefore self-evident that the fight of the proletarian against the upper and the middle classes must be of a violent character, and that mere wage conflicts can never lead to the goal."

"We show by numerous illustrations that all attempts which have been made in the past to do away with the existing monstrous social system through peaceful means—for example, the ballot box—have been useless and will be so in the future."

"We know, therefore, that the ruling class will not voluntarily relinquish its prerogatives and will make no concessions to us. Under all these circumstances there is only one remedy left—force."

"Our platform is simple and divided as follows:

"1. Destruction of existing class domination through inexorable revolution in international activity.

"2. The building of a free society on communistic organizations or productions."

"3. Free exchange of equivalent products through the productive organization without jobbing and profit making."

"4. Organization of the educational system upon a non-religious scientific and equal basis for both sexes."

"5. Equal rights for all without distinction of sex or race."

"6. The regulation of public affairs through agreement between the independent communes and confederacies."

## LONGSHOREMEN BACK TO WORK.

The Strikers Must Have Money  
and the Men Want to  
Labor.

A full complement of union longshoremen is at work today in all the lumber yards on the harbor from the wharf of the Pacific Coast Company to Long Wharf, with the exception of the wharf of the E. B. and A. L. Stone Supply Company which gives employment to no union men.

Those longshoremen are unloading vessels of coal and lumber and removing piles of timber placed on the docks in a number of yards by "scabs" during the last three weeks of the strike. Up to today the union longshoremen have refused to handle any of this lumber. They are piling the material in the several yards and thus the docks are being cleared for other vessels which are waiting their turn to dock and unload.

Half a dozen are discharging the big cargo of the four-masted schooner Muriel at the wharf of the Puget Sound Lumber Co. and a dozen men are taking the stuff from the wharf. The four-masted schooner Commerce is soon to come from San Francisco to take her berth and will be followed in turn by the three-masted schooner Marion.

Yesterday afternoon, a dozen striking sailors from San Francisco went aboard the Muriel and under threat of personal violence ordered the union longshoremen who were pushing lumber over the side of the vessel to discontinue their work and go ashore. The longshoremen complied with the order, whereupon the sailors returned to San Francisco. As soon as the season had taken their departure the longshoremen returned to the Muriel and resumed their labor of unloading.

This morning, the number of men on the vessel and on the dock belonging to the longshoremen's union was almost doubled and work was progressing in a very lively and satisfactory manner. The discharging of the vessel will require about eleven days.

Captain Wikander has police protection now and says that if the sailors again attempt to board his vessel without his consent, they will have to fight.

Business Agent Johanson of the Teamsters' Union said yesterday that he did not know what action the Teamsters' Union would take in the matter of the handling of lumber by union teamsters, which would be handled by longshoremen working on vessels, the crews of which had been called off. If the union teamsters in lumber yards should be called out and their places be filled by non-union drivers, the union longshoremen would be expected to refuse to load the wagons by such non-union men and thus precipitate another strike.

## ALL QUIET IN STEEL STRIKE.

Mob of Women and Children  
Have All Disap-  
peared.

PITTSBURGH, Pa., Sept. 12.—Quiet prevailed at all points affected by the steel strike in this vicinity today, in marked contrast to the excitement and disorder of the past few days. At McKeesport a small crowd of strikers still guarded the entrances to the National Trust Works, but as the plant is practically tied up, no men applied for work and the strikers' pickets had nothing to do. The Demmeler Tin Plate Works were in operation with about the same force as yesterday, and no attempt was made to interfere with the workmen.

At the Monongahela Tin Plate plant in this city the mob of women and children that has surrounded the property and blocked the streets every day this week was conspicuous by its absence.

This state of affairs was due to a police order forbidding them to congregate on the streets under penalty of arrest.

The fires were burning in two furnaces, but the plant has not yet started up. Seven more men were taken into the Star plant this morning without molestation. Several assaults have occurred at this plant recently and trouble was feared, but the strikers made no attempt to stop the men going in.

## The Change of Life

Is the most important period in a woman's existence. Owing to modern methods of living, not one woman in a thousand approaches this perfectly natural change without experiencing a train of very annoying and sometimes painful symptoms.

Those dreadful hot flashes, sending the blood surging to the heart until it seems ready to burst, and the faint feeling that follows, sometimes with chills, as if the heart were going to stop for good, are symptoms of a dan-

gerous, nervous trouble. Those hot flashes are just so many calls from nature for help. The nerves are crying out for assistance. The cry should be heeded in time. Lydia E. Pinkham's Vegetable Compound was prepared to meet the needs of woman's system at this trying period of her life.

It builds up the weakened nervous system, and enables a woman to pass that grand change triumphantly.

"I was a very sick woman, caused by Change of Life. I suffered with hot flashes, and fainting spells. I was afraid to go on the street, my head and back troubled me so. I was entirely cured by Lydia E. Pinkham's Vegetable Compound."—Mrs. JENNIE NOBLE, 6010 Kersey St., Germantown, Pa.

## WAS VICTIM OF THE ANARCHISTS

H. C. Frick Has Something to  
Say About President  
McKinley.

NEW YORK, Sept. 12.—H. C. Frick, who arrived here from London on the Oceanic, was visibly affected by the reports of the attempted assassination of President McKinley and of the latest news that besides the would-be assassin Czolgosz, Emma Goldman was already in custody. It will be remembered that at the time of the riots at the iron mills at Homestead, Pennsylvania, in 1892, Alexander Berkman attempted to kill Mr. Frick in his office at Pittsburgh.

Emma Goldman was the closest friend of Berkman and was later arrested as an accomplice, but for lack of proof was discharged. Berkman is now serving a long sentence in the Pittsburgh penitentiary.

"I know that the President will live. His death would be a serious blow to the great commercial interests of this country, which have grown along such healthful lines during his term at the head of our Government," said Mr. Frick. "The country cannot afford to lose him."

When requested to talk on the subject of personal anarchistic attacks, Mr. Frick said: "I do not care to discuss such matters. Sufficient it is to bear the marks of three stab wounds and two 'bullet wounds,' and Mr. Frick pointed to a scar above his collar on the left side of his neck."

## ASKS DAMAGES FOR HAVING BEEN OUSTED.

Joseph Horn has filed an amended cross-complaint to the suit of the Homestead Loan Association of Berkeley to recover possession of a tannery in West Berkeley. Horn contracted to pay \$2,300 for the tannery and appurtenances. He says the plaintiff ousted him from the premises, thus preventing him from completing his payments. He asks \$5,000 damages.

## BRIDGE OUT OF ORDER.

This morning a small casting was broken on the Webster street bridge, which made it impossible to raise the bridge for some time. The accident occurred while a barge was passing through, the signal from the barge being given too soon. No serious damage was caused by the accident except to the delay in traffic over the bridge.

## RESTRICTING IMMIGRATION.

Congressman Metcalf's determination to make a fight at the next session of Congress for restricted immigration, will create general interest throughout the country for the hour is singularly ripe for such a move. Henceforth all attempts to regulate the landing of white immigrants have met with fierce opposition and the few barriers that have been put up and only secured after an enormous amount of work and political maneuvering.

Now however conditions will be entirely different. The work of the Secret Service agents in ferreting out the circumstances leading up to the shooting of President McKinley has disclosed a deplorable state of affairs, that is, from the standpoint of our being a free and enlightened republic. There is no longer any doubt that in the hotbeds of anarchy existing in our midst, much of the discord now in evidence throughout the world on that score has been bred and the proof that the movement has been kept alive by the constant importation of assassins and cranks from the European capitals shows the necessity for taking prompt and positive measures to keep such wretches from our shores. As things are at present a nihilist, anarchist or "Red" of the most pronounced brand can come freely here and not only be assured of personal safety but be enabled to hatch out his foul plots against society without fear of being disturbed.

Congressman Metcalf proposes to put a stop to this sort of thing and if he can do so the whole nation will owe him a debt of eternal gratitude. He does not believe in following the lines of the Lodge bill and merely imposing an educational test as well as a financial one for he is well aware that many of the anarchists could meet all such requirements. In fact some of them are well read and thoroughly educated men. His test however is the practical one of compelling each person seeking to emigrate to America to secure from our Consul at the port of residence or embarkation a certificate showing that his holder is a fit and proper person to enter the country. This is after all merely what other nations demand in the form of passports and there is no reason why such a system should not be instituted. Every person of good habits and standing could secure a consular certificate without difficulty and those who could not well, we don't want them here at all. The proposition is practical and reasonable from every standpoint and we trust that Congressman Metcalf will be backed in his plans by the entire California delegation and that he will succeed in getting so worthy and timely a measure upon the Nation's statute books.

Despite all the attempts to stop the towing of log rafts on this Coast it is now announced that "the biggest on record" will shortly leave Astoria headed this way. It is an outrage that navigation should be constantly menaced by such dangers and if, as seems to be the case, it is impossible to secure restrictive legislation from Congress, why not prepare some local measure that will meet the difficulty. Either a statute forbidding such affairs to pass through State waters or local legislation regarding the docks might prove effective—it is worth making the attempt anyhow.

## CALLING ON THE GOVERNOR.

The appeal made by the State Board of Trade to Governor Gage for executive action regarding the strike indicates that the overtures that have been in progress between the contending parties have come to naught. Whether or not the Governor will see fit to interfere is of course a matter that his own wisdom will direct, but it is scarcely likely that in any event he will follow the lines laid down in the appeal.

It cannot, indeed, be said that the hour has arrived when it is necessary to use armed force to handle the matter. There have been no riots, no threatening assemblages and no seditious speeches, in fact, outside of the individual instances of assault, which could only be expected when the character of some of the workmen is taken into consideration, there has been no disorder and no law-breaking on the part of the strikers. Their leaders appear to be cool-headed, sensible men, and it is to the credit of the wage-earners that they have paid full heed to the admonitions of those selected by them to handle their affairs.

The industrial tie-up as set forth by the State Board of Trade is in truth the very outcome sought by the workmen and affords the only way in which they can win. They did not expect to carry their point by threats or outrages upon life or property, but what they did anticipate is the very condition the State Board of Trade now admits is existing—business becoming so involved and so paralyzed that unless relief is quickly obtained the merchants and manufacturers will suffer enormous losses and the State be given a severe commercial set back.

With affairs in this shape, Governor Gage is not likely to throw the forces of the State militia to the aid of the employers, for while such action would probably end the strike, it would earn for him the undying hatred of union labor in California, now struggling for recognition. The capitalists must remember that while their side of the case is unquestionably a strong one, the workmen also have rights entitling them to just as full consideration as the employers. Instead of asking therefore for armed aid to suppress the lock-out, if they would appeal to the Governor to bring about peace by means of arbitration or some other such conciliatory method, they would be more likely to achieve success than they will by their present plan.

Mayor Phelan tells San Francisco's municipal employees not to worry about the prospects of losing their places if a new administration comes in as he will champion the cause of Civil Service whether he is in office or not. Of course he will, he has used the merit system to convert the City Hall into a machine for himself and he is naturally anxious to maintain it as long as possible.

Kitchener reports to the war office that the situation in South Africa is unchanged. Well, it is about time he changed it and made a move that will end the war one way or the other; the Boers as well as the English would undoubtedly welcome a decision of some sort.

The Postmaster at Nome is \$2,200 short in his accounts and is said to have gambled away the money last winter. There can be no objection therefore to classifying his crime as a cold steal.

## NEIGHBORHOOD CLUBS KEEP THE STREETS CLEAN.

The suggestion of the Board of Public Works some time ago that the best way to solve the street sweeping problem while the city's finances are at a low ebb was for the residents to form neighborhood clubs with the object of keeping the streets and gutters clean. Superintendent of Streets Ott announced that the idea has met with a great deal of favor and that many districts are being kept clean at the present time by public-spirited citizens. The Superintendent states that he is ready to send a cart to carry away the refuse upon application from any organization, and that his department will assist citizens in keeping streets clean to its full extent.

## MUST PUNISH THE CRIMINALS.

JUDGE WILLIAM R. DAY DELIVERS A STIRRING ADDRESS.

## CLEVELAND'S PRAISE SERVICE

Declares That the Flag of Anarchy Has No Place in Our Country.

CLEVELAND, Sept. 12.—At the Grand Army praise service held here today Judge William R. Day, former Secretary of State, spoke as follows concerning the shooting of President McKinley:

"On Friday last the President of the United States, having responded to an invitation to attend the exposition at Buffalo, and, taking part, delivered an address, expressing with great force and beauty the supremacy of the victories of peace over those of war, and in rarely felicitous language voicing the hope that the nations of the earth might dwell together in unity, was about to close his visit by meeting the people at a public reception as has been his wont on many occasions. On his way to the reception a friend expressed to him the thought that meeting so many people might make unusual demands upon his strength. He replied that the people had ever been kind to him and it was a pleasure to meet with them, and he found great satisfaction in their expressions of confidence and esteem.

"With these sentiments on his lips, at a time when the country was in profound peace, when prosperity abounded upon all hands, when his worth and ability and gentle kindness had endeared him, it was believed, to all his countrymen, without warning he was stricken from the fullness of health to the portals of death itself. Such an attack upon such a man, under such circumstances, in a country like ours, seems almost impossible. Other Presidents have been stricken in the excitement following a great civil strife and when the evil passions of disappointed partisanship were rife. That a man, thus blameless, could be attacked so must needs make us pause a moment and reflect. It affords to the people of this country another lesson as to their duty in dealing with those who encourage on American soil any propagation of principles which make such attacks possible. We have been taught that if we sow the wind we shall reap the whirlwind.

"It is one of the sayings of the President, though worthy of emphasis, that there are no classes in this fair land of ours.

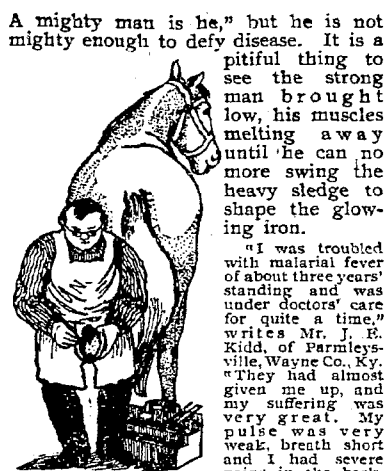

"There must be no place under our flag for the propaganda of the doctrines of the anarchists.

"Laws must be enacted which shall visit upon such criminals with just and sure punishment, not only the pupil, but the teacher of such theories must be reached and punished. The advocates of its lawful tenets must be kept from our shores; its principles must be torn, root and branch, from every foot of our domain until its adherents learn that to attack the Government through its highest official is one of the heinous of crimes, sure to meet with swift and terrible retribution. Let there be no nook or corner of the civilized world in which it can hide and call itself safe.

"We are not met on this occasion to discuss ways and means by which these means are to be accomplished. We know that the American people will insist that everything be done that can do to make a reputation of such horrors impossible.

"Happily for the country, no less than a course of unbounded joy to his friends, we have every reason to believe that the life, so precious to us, under the favor of God, will be restored. It is fit that we should meet in surroundings of this great occasion and gathering and with the aid of his surviving comrades in arms, give expression to the joy which fills his hearts.

## "The Smith"

A mighty man is he, but he is not mighty enough to defy disease. It is a pitiful thing to see the strong man brought low, his muscles melting away until he can no more swing the heavy sledge to shape the glowing iron.

"I was troubled with malarial fever of about three years' standing and was under doctors' care for quite a time." "They had almost given me up, and my suffering was very great. My pulse was very weak, breath short and I had severe pains in the back, head and legs. Had palpitation of heart, and from June 1st, 1895, to May 1st, 1898, I was not able to do a day's work. I purchased five bottles of Dr. Pierce's Golden Medical Discovery and before I had finished taking the first two bottles I was very much better. I continued taking the medicine, and by the time the fifth bottle was gone I was a well man."

Dr. Pierce's Golden Medical Discovery cleanses the blood of the poisons which feed disease, cures diseases of the stomach and organs of digestion and nutrition, and enables the proper assimilation of food. It is a flesh forming, muscle making medicine, making sound flesh and not flabby fat. It contains no whisky nor alcohol in any form.

**GOLDEN MEDICAL DISCOVERY** FOR STOMACH BLOOD AND LUNGS.

are not ended. We rejoice above all that to the people of this State who have so long known and loved him, his life remains for our guidance and comfort.

"There are many in the audience who know that no matter how high he has advanced on 'fortune's crowning slope,' he has ever retained those endearing qualities which made him a man, while one of the strongest, the gentlest of men and the kindest of neighbors and friends.

"We may feel assured that no words of good cheer will be more welcome on his journey back to health than those which come from this gathering of his friends in this great State and city and from his old companions in arms.

"Let us fervently hope and pray that the day is not far distant when we may look again on his noble face and feel anew the pressure of his friendly hand.

## YOUNG LADIES TO KEEP SCORE.

Fabiola Tournament Will Be One of the Events of the Season.

The Fabiola euchre and whist tournament will be held at the Ebell rooms next Saturday afternoon.

- The euchre rules are as follows:
1. Cut for deal. The lowest deals.
  2. Four hands only shall be dealt before the score is taken. When the trump is passed twice by the four players, the deal counts the same as if the hand had been played. A misdeal counts the same as if the hand had been played.
  3. Winners progress, changing partners, and cut for deal.
  4. Cut in case of tie score, the highest winning.
  5. A player not following suit when able to is euchred and his adversaries may score two.
  6. Lone hands can be played without assistance from partner. In playing a lone hand, five tricks count four, three tricks count one and a euchre counts two for the adversary.
  7. Please keep your seats until you receive your score and the signal is given to move.

The whist rules are as follows:

1. In commencing the game all cut for deal. The lowest deals. Ace is low in cutting.
2. If a player revokes, the adverse side scores two.
3. Players must remain in their seats until all the score cards are punched. No cards will be punched after players have left their table.
4. All players remain seated until the signal for moving is given.
5. Winners remain at table and change partners; losers move and change partners.
6. After moving, the coming players cut for deal, the lowest to deal.

### WORK ON THE TIDAL CANAL.

Contractors Are Pushing the Work on the Alameda Side.

ALAMEDA, Sept. 12.—The big dredger Olympia after completing its work on the canal above the bridge is now tied up about 300 feet north of the bridge, where preparations are being made to build a dam.

The point where the dam will be constructed is the narrowest place on the canal, which is located just below where the dredger is lying.

After this dam has been completed all the water will be pumped out of the lower end of the canal so as to make way for the steam shovel which begins operating. The debris which had gathered on the bottom of the canal since work on the same had been stopped, some ten years ago, was removed by the Olympia. The steam shovel will continue where the Olympia left off and will cut away earth and make levels for the support of itself and the canal. The debris which the earth excavated, the paddy to be used is one that Chicago on the great drainage canal at Chicago.

### HAS PURCHASED THE ATLANTA CONSTITUTION.

ATLANTA, Ga., Sept. 12.—Announcement is made today that Clark Howell has acquired a majority of the stock of the Atlanta Constitution, he having purchased the full interest of Colonel W. A. Hemphill in the company. This, with Mr. Howell's part holdings, gives him a majority of 5,000 shares of the capital stock of the company, valued at \$20,000. Mr. Howell has been in the editorial control of the paper for ten years, succeeding Henry W. Grady as managing editor on the latter's death, and now becomes also the president of the company.

### EXCELLENT PUBLICATION FOR CALIFORNIA.

A handsome publication entitled "California Industries" lately issued by the Southern Pacific Company and compiled by Wm. H. Mills differs from the literature in present circulation relating to the industries of the Golden State, in that it is a collection of individual statements from successful horticulturists of the various communities throughout the State.

The publication from a typographical and artistic standpoint leaves nothing to be desired. The text is illustrated by numerous engravings and a map of the State showing the lines of railway and the topographical conformation of the country.

The personal testimony of individuals which characterizes the publication is prefaced by a short introductory chapter setting forth the geographical, climatic conditions and the religious and educational advantages offered home-seekers in California.

The particular object of the publication is circulation at the Pan-American Exposition. The electrolytic plates relating to any particular locality are at the free service of persons desiring to print editions relating to the industries of such locality, and it is set forth in the introductory chapter that it is the intention of the company to gather and publish the personal experience of successful men in every portion of the State. The names of the persons whose experiences are contributed are given so that verification of their statements may be readily obtained.

The matter contained in the publication is admirably arranged in districts, localities and counties, and the comparative merits of the different portions of the State are thus impressively set forth.

Taken as a whole the work is one calculated to greatly benefit California and is a credit to both its compiler and publisher.

### THOUSANDS OF CARDS FOR TOWN OF SAN LEANDRO.

SAN LEANDRO, Sept. 12.—The mailing cards secured by the Board of Trade are rapidly being sent away. Several hundred are mailed each day. These cards contain a small write-up of the town of San Leandro, together with a number of handsome half-tones. They are being sent to all parts of the United States. While a great many go abroad, it is the intention of the board to influence people to come to this place. By the aid of these cards, and no better plan could have been tried. The plans were printed by the Southern Pacific Company.

### GETTING READY TO PICK THE TOMATO CROP.

SAN LEANDRO, Sept. 12.—Tomatoes have commenced to come in now, and by the first of next week there will be a run at the cannery to keep up with the pickers. The cannery expects to make a big pack this season, and everything gives promise of a large crop. Pickers have begun work in several fields between this place and Elmhurst. Great piles of boxes are stacked through the tomato patches in readiness for the rush of picking.

### THEY DINED WITH THE CZAR.

Emperor William Bestows His Royal Favor on Russian Noblemen.

HELA, Prussia, Sept. 12.—Emperor William, Prince Henry of Prussia, Admiral Tiche, secretary of the Admiralty and others in attendance on the two Emperors, dined with the Czar on board the Russian Imperial yacht Standart after the imposing reception yesterday was ended. The Czar before dinner personally bestowed the Order of St. Andrew on the German Imperial Chancellor, Count von Buelow, and on Count von Eulenbergh and gave portraits of himself to the lesser German dignitaries.

Emperor William decorated Count Lamsdorff, the Russian Foreign Minister, with the Order of Merit of the Prussian Crown, and Baron Fredericks, Minister of the Russian Imperial household and aide-de-camp general, with the Grand Cross of the Red Eagle. The Czar and Emperor William remained on deck until after 10 o'clock, looking at the illuminated vessels. In the meanwhile the Western, or blue, squadron, which takes part in the maneuvers today, put to sea, each ship saluting as it passed the Standart.

The Czar has appointed Emperor William to be chief of the Russian Dragon Regiment, Navra No. 39, one of the most famous in the Russian army. Emperor William conferred with the Czar in the uniform of the Empress Alexandra Regent, the Second Dragon Regiment of the Prussian guard.

### JAPS BOYCOTT TOWN OF EDEN.

UNION JAPANESE ON A STRIKE PLACARD SURROUNDING TOWNS.

### LEAVE FOR PLACES IN SOUTH.

Rush a Store and Get Away With Some of the Goods.

MT. EDEN, Sept. 12.—The Japanese laborers who declared a strike on the Oliver half works last Monday left here in a body Tuesday afternoon bound for San Jose, Castroville, Watsonville and other towns, where they expect to obtain work in the beet fields.

These men are members of an organization known as the Japanese Union, and have declared a boycott on Mt. Eden.

Placards in the Japanese language are posted at various nearby towns notifying all natives of the Mikado's realm to refuse employment if offered at Eden.

Before leaving town a party comprising about forty striking Japs called at the establishment of H. Crocker and on the part of the party of striking engaged the attention of the entire force of clerks.

During the confusion of the unaccustomed rush of business one of the Japs managed to walk out of the store clad in a brand new suit of clothes which he had been trying on.

The loss was discovered and Mr. Crocker was on hand at the depot when the Japs departed, in the hope that he would find the man who purloined the goods, but the Japs were too wary to be caught in this manner. Mr. Crocker accused one of the party of the theft, but got no satisfaction, and persistence on his part so angered the Japanese that threats were made against the clothier and for a time matters looked serious for him. The arrival of the train ended the incident.

### LAST DUSTY SUMMER IN TOWN OF MT. EDEN.

MT. EDEN, Sept. 12.—The water system in this district is now well under way. The plan, intended to facilitate the sprinkling of roads, is now well under way. On account of the lateness of the season, little benefit will be derived this year, but there is rejoicing that this is the last dusty summer.

Thanks are due H. J. Moier, Mr. Claviter and Mr. Obermiller, who donated sites for the placing of the tanks for the system. The ground was offered without solicitation by these public spirited citizens, notwithstanding reports to the contrary.

### MT. EDEN RANCHERS IN HAPPY FRAME OF MIND.

MT. EDEN, Sept. 12.—The ranchers in this district are not concerned about the disposition of their crops during the approaching rains, and are experiencing little difficulty in marketing their products.

Grain is practically sold and delivered. The greater part of the hay crop is baled and sold, as is also straw. That portion of the yield that is not yet sold is stored, and there is still accommodation for thousands of bales.

Hay and straw are being shipped to San Francisco daily, and splendid returns are being realized.

### FUNERAL OF THE LATE PRENTISS HUTCHINSON.

The funeral of Prentiss Hutchinson was held at the family residence this afternoon at 3:30. Only members of the family were present. It has been generally understood that the young man was lost, but upon the recovery of the body this theory was found to be incorrect, for as he returned home, up Battlement creek he had slipped and fallen, striking his head on a projecting rock, which caused insensibility. He met his death by drowning, his body being found face downward in about a foot of water. Searchers had passed the spot many times, but owing to the tall creek grass which nearly concealed the body it had not been discovered before.

### NELSON HELD TO ANSWER.

The examination of Charles Nelson, charged with robbing the store of J. E. Baker, 410 Third street, on September 6th, took place this morning before Justice Quinn. Nelson was held to answer before the Superior Court and bail was fixed at \$2,000. The prosecuting witness identified a satchel containing a number of papers as his property. A bicycle, which was found in Nelson's room, together with the satchel and papers, was also claimed by Baker. Nelson offered no defense.

### LARGE BALL AT HAYWARDS.

Firemen of Eden Township Are Planning for a Large Affair.

HAYWARDS, Sept. 12.—At the last regular meeting of the local Fire Department, held a short time ago, active preparations were commenced by that body for their annual masquerade ball, which is to be by far the largest ball ever given in this county.

The ball will take place on Thanksgiving night and will be the eighth annual affair given by the department.

At last year's affair there were over 800 people present, and a much larger crowd is expected this year.

More than one hundred prizes will be given for the best costumes, etc.

At the next meeting of the members committees will be appointed to take charge of the different features of the affair and to make arrangements to accommodate a large crowd.

### BASEBALL GAMES AT HAYWARDS ON SUNDAY.

HAYWARDS, Sept. 12.—Next Sunday morning the "Tar Flats" of this place will meet a ball team from San Leandro, at the Athletic Park. The strength of the San Leandro team is not known, but the "Tar Flats" are on a fair way to become one of the best known teams in this part of the county.

In the afternoon the P. & H.'s will meet the Alvarados on the same grounds.

### EXTENDING POWER HOUSE.

ELMHURST, Sept. 12.—The work of excavating for a foundation at the power house, on which will be placed a 300 horse power dynamo, is being rapidly carried on. The fence on the east side of the power house is also being removed, as it is the intention of the company to extend the walls of the power house out to the present fence line. The big dynamo which will be placed on the new foundation is one from the Alameda power house of the Oakland Transit Company.

### FUNERAL OF HENRY COOK.

ELMHURST, Sept. 12.—Yesterday the funeral of Henry Cook took place from his late residence. Mr. Cook had lived in this place several years. He was over 60 years of age and leaves a widow and several children.

The body was interred at the San Lorenzo Cemetery.

### CLOSE CALL FOR MRS. HILTON IN CHURCH.

FRUITVALE, Sept. 12.—An accident occurred at the Congregational Church on Tuesday night which came near being serious. During the day the Bay Association of Congregational Ministers held a conference at the church. In the afternoon they went in a body to the Masonic Hall where a fine repast was served by the Ladies of the Guild. After the dinner an entertainment was given at the church in honor of the visitors. A delightful program was rendered but was concluded by a very exciting accident which occurred while Mrs. Aunson Hilton was rendering a vocal solo. Mrs. Hilton was standing near a large lamp which was suspended from the ceiling. While the lady was singing the lamp fell down with a crash and exploded. The burning oil flew over Mrs. Hilton's dress while the frightened woman was too dazed to move. Had it not been for the presence of mind of several men standing near, the fire might have resulted fatally.

Several friends of Mrs. Hilton grabbed coats and wraps which they threw quickly around her, extinguishing the flames in a few seconds. The audience was thrown into an uproar. Ladies fainted and all who didn't faint made a wild rush for the door, thinking the place was on fire. Immediately after the lamp fell E. H. Marwood seized it in his hands and threw it out the window. The fire on the floor was put out with rugs and finally peace was restored. No one was injured. Mrs. Hilton not even receiving a burn.

### MEETING OF COUNCIL COMMITTEES TONIGHT.

A regular committee meeting of the City Council will take place this evening.

It is expected that the license committee will report upon the project, advanced by Councilman Courtney, licensing all classes of mercantile business in Oakland. A delegation from the Merchants' Exchange and Board of Trade will be present to combat the framing of such an ordinance.

### SUMMONED TO ANSWER.

The defendants in the action of W. V. Bassett against Arthur and Alice A. Baxter and others have been summoned to answer within thirty days. The suit is for \$1,608.75 on a contract. The claim is secured on 37 acres of land.

### LARGE WORK AT THE CANNERY.

One Thousand People Now Employed at the Haywards Factory.

HAYWARDS, Sept. 12.—The cannery is still doing a rushing business and will continue to do so for some time to come. At the present time there are between 900 and 1,000 people employed at the place. The principal work is on pears and late peaches, of which thousands of cans are being turned out daily.

The work on the cottages was completed some time ago and there are now more than a hundred of these small buildings on the grounds.

It is thought that next season a great many more will be added to the lot, as there are more than enough people to fill them. In fact, a great many are living in tents.

The place is like a small city, and a very peaceful one at that.

No news of disturbances ever comes from the cannery, where hundreds of people live together on several square blocks. The people are a better class who have come here from different parts of the country and upon the completion of the season they will return to their respective homes.

Some have been coming here since the cannery first opened and now have good positions.

### TOO FLEET FOR AGNEW.

Schneider Nathan, a peddler, who evaded arrest Sunday night after violating the bicycle ordinance, appeared in court today, and explained his reason for running away from Officer Agnew, who captured the wheel, but was distanced by the nimble Nathan. Nathan explained that it was Sunday night, and he had no money. "I didn't want to spend the night in jail," said Nelson, "and I know the wheel was safe so I ran away." Nathan was allowed to depart after promising not to repeat the offense.

### AN ALAMEDA WEDDING.

ALAMEDA, Sept. 12.—The wedding of Miss Tillie Hammond, daughter of Trustee Hammond, and Frank H. Priestly, a young business man of this city, will be celebrated on October 8th at the home of the bride's parents, Mr. and Mrs. C. J. Hammond, 2125 Pacific avenue. Both young people are well known and have a host of friends in this city, who will be delighted to hear of the coming affair.

### POLICE COURT.

September 12.—James Hamilton, drunk judgment suspended; Josephine drunk, continued for trial to September 13; William Gilmore, drunk, \$5 or 2 days; C. W. Judson, Peter Hank, drunk, bail forfeited; Schneider Nathan, violating bicycle ordinance, judgment suspended; Charles Nov, alias L. Monnet, gambling, continued to October 10 for jury trial; Charles Nelson, burglary, held to answer, bond \$2,000.

### NEGROES LYNCH THREE PRISONERS

They Killed an Old Colored Man For the Purpose of Robbery.

ST. LOUIS, Mo., Sept. 12.—A special to the Post-Dispatch from Cairo, Ill., says:

News has been received here to the effect that last night a mob of negroes broke into the jail at Wickliffe, Ky., across the river from this city, and lynched three negroes, Frank Howard, Sam Reed and Ernest Harrison. They hanged the men to a cross-beam in John McCauley's mill.

The crime for which the men were hanged was the murder and robbery of an old and respected negro, Wash Thomas.

The murderers confessed their crime before the mob.

Everything was quiet in Wickliffe this morning and the bodies of the men were still hanging at noon.
